

Stapler Folder

The new models Plockmatic 82 BinderPro and Plockmatic 83 Trimmer are the latest additions to the well known Plockmatic range of booklet making systems. An entry level system that offers flat staple finish, outstanding speed and short turnaround times. Interfaces with existing Plockmatic 300+ CollatorPro and Plockmatic 100 DocuVac collators.

Plockmatic 82 BinderPro

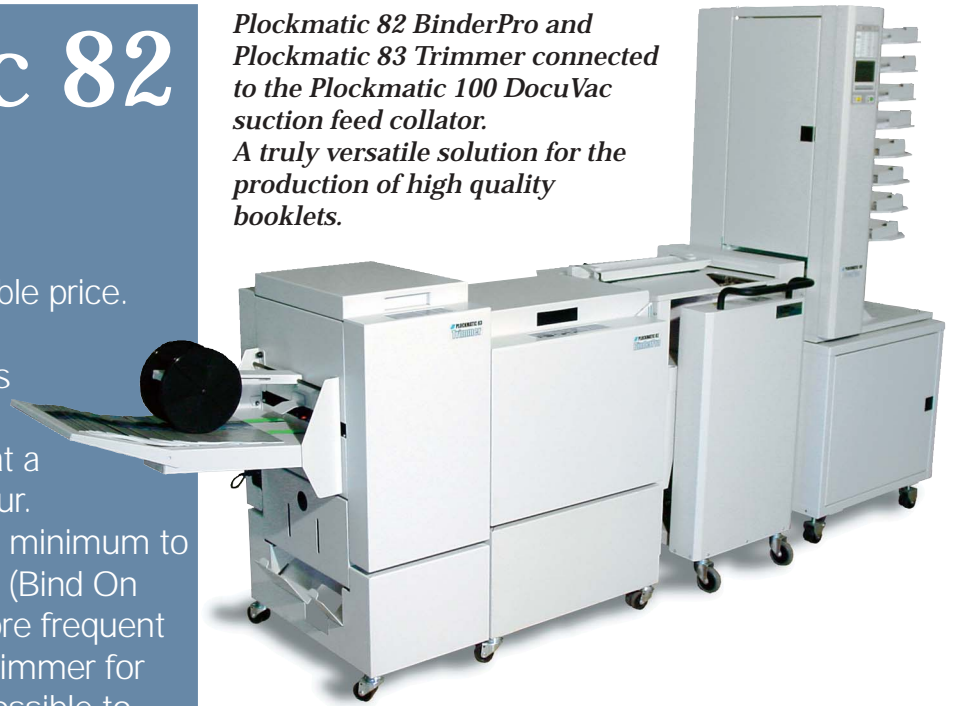

PLOCKMATIC - YOUR PARTNER IN DOCUMENT FINISHING PRODUCTS

Plockmatic 82 BinderPro

Professional finishing at an affordable price. Impossible? No, not any more! The Plockmatic 82 BinderPro offers professional looking, crisply folded booklets with flat staple finishing at a rate of up to 3000 booklets per hour. Turnaround times are reduced to a minimum to meet today's requirement for BOD (Bind On Demand) meaning shorter and more frequent jobs. Connect the Plockmatic 83 trimmer for the final touch. Furthermore it is possible to interface the Plockmatic 104 SquareFold. This is a revolutionary device that sets a new standard in booklet production giving you a completely flat booklet with a square and printable spine. Standalone for hand feeding or connected to any Plockmatic collator, friction or suction feed, the Plockmatic 82 BinderPro, with or without additional modules, is the ideal choice for copy shops and quick printers, inplants and small to medium sized commercial printers.

Plockmatic 82 BinderPro and Plockmatic 83 Trimmer connected to the Plockmatic 100 DocuVac suction feed collator. A truly versatile solution for the production of high quality booklets.
